Code 11-13

Stylish toploaded notebook bag with tablet pocket

Simplicity. Functionality. Inspired, contemporary design. These are the guiding principles that define the Code collection. The toploaded shoulder bag of the collection is the perfect choice for anyone wanting the functions of a classical notebook briefcase without renouncing on style. The bags of the Code collection are made of polyester canvas fabric and have real leather details. Code is designed to fit Apple Macbooks but also other notebooks will fit.

The notebook is safely protected in the padded notebook compartment with a strap to keep it in place. In the spacious main compartment there are also two smaller pockets with space for charger and accessories. In the zippered pocket on the front there is a padded tablet compartment that fits tablets up to 10 inch. There are also designated compartments for pens, mobile phones etc. Under the front pocket flap there is a small zippered pocket where you can put keys or other items that you need to access easily. You can carry your Code bag in the comfortable padded handles or use the adjustable shoulder strap. The shoulder strap has padding but this can also be removed if you prefer a more simplistic look.

11-13
Art.No.: D30566
Weight: 1.2kg / 2lbs, 10.4ounces

≤ 12.8 x 8.94 x 0.95 inches
